**Legislator**

DISTRICT 10

**Integrity. Honesty. Commitment.**  
**For a Better Rockland County**

**Dear Neighbor,**

Since 2016, I have been employed as a Code Enforcement Officer in the Town of Clarkstown. My job is to uphold our Building and Fire Code regulations, which provides me with the opportunity to speak with many residents. From this experience, **I understand how important safety and quality of life issues are to our community.** In fact, these are the very issues that my family had in mind when deciding to immigrate to the United States.

In 1981, as Christians living in Egypt, my parents decided to leave their homeland for a better life. I was only 14 years old at the time, but I am incredibly grateful for their decision to pursue the "American Dream". I moved to Rockland County from Brooklyn, NY in 1995 and fell in love with this wonderful suburban community. I was welcomed with open arms and wanted to give back wherever I could through volunteer service. **I am proud to have served, and continue to serve, many organizations to help better our community (see inside).**

**As your County Legislator, I will bring a non-partisan, common sense approach to the issues we face.** If elected, I pledge to

honorably represent our community and tackle the issues that matter most in protecting our quality of life.

**Please consider voting for me this November. THANK YOU.**
