Dear Neighbor,

Once again, I want to thank you for the opportunity to serve as your town councilman. Since the day I was first elected, I have dedicated my efforts to protecting and enhancing our quality of life, to protecting taxpayers and to fighting overdevelopment.

I believe the record will show that I have done just that... and that this perspective has served the families and taxpayers of Clarkstown well.

We've eliminated waste and inefficiencies... merged services... combined positions... eliminated unnecessary positions... and held the line on taxes. At the same time, we've improved town services and saved taxpayers millions of dollars... and I'm proud to say that I've been the initiator of these changes.

While we've made progress, there is still a lot more work to do. That's why I'm running for re-election.

Once again, I hope I can count on your support.

Frank
